

"Wait'll ya see how silly these mirrors make ya look!"

FRIENDLY RIVALS—Former Minnesota Governor Harold E. Stassen (left) and New York's Governor Thomas E. Dewey, expected to be rival candidates for the Republican Presidential nomination in 1948, chat in Governor Dewey's suite in a New York City hotel. Stassen's campaign managers said they merely discussed Stassen's European travels.

Child Care Center Budget And Scale Of Charges Fixed By Local Board

Elementary School in 1947-48, but of this amount, \$24,440 comes from a state grant and the remaining \$10,476 from fees from parents, according to E. W. Ingram, assistant superintendent of city schools. The centers cost the school district nothing, while they are supervised by the school authorities.

Admission Day To Be Celebrated By Native Sons

Ninety-seven candles will brightly burn this year on Sept. 9 as California celebrates her birthday in Long Beach, according to Gary Lynes of that city. Thousands of Native Sons and Native Daughters of the Golden West will arrive by train, automobile, airplane and boat to make this birthday party one gala affair as the Golden State approaches her centennial years of '48, '49, and '50.

Lynes said that the committee has been meeting since November of last year. Plans formed are so great in number, it will be necessary to celebrate for four days beginning Saturday, Sept. 6. Athletic competition, drill team and bugle corp competition, queen contest and grand ball will be climaxed on Tuesday, Sept. 9, by a gigantic parade and barbecue.

The executive committee include Los Angeles County Sheriff Eugene W. Biscailuz, honorary chairman; Gary Lynes of Long Beach, chairman; Harvey Webster, San Marino, vice-chairman; Ann Barton, Long Beach, vice-chairman; Dr. John A. Schwamm, Los Angeles, treasurer; Joseph Sousa, Long Beach, secretary; Eugenia Smith, Wilmington, assistant secretary; and Clarence S. Hunt, Long Beach and Benard Hiss, Los Angeles, legal advisors. Native Sons and Native Daughters of the Golden West from Orange, Riverside, San Bernardino and Los Angeles counties form the general committees.

FACTS FOR SPEEDERS
 An automobile traveling at 60 miles per hour strikes with the same impact as it would if driven off the top of a nine-story building. And an automobile traveling at this pace requires, under average braking and road conditions, a distance of 242 feet to come to a full stop. Drivers should think of these facts before they "step on the gas."

Revenue Gains Cited By Gas Tax Increase

California's gasoline taxes, increased during the closing days of the last legislative session to 4½ cents per gallon, effective July 1, produced net revenues of \$6,399,288 in May when the tax rate was still 3 cents on each gallon. This marked a gain of \$231,545, or 3.75 per cent over the same month of 1946 when the corresponding tax yield was \$6,167,743.

The State Board of Equalization made this announcement pointing out that the percentage of gain in May was lower than that registered in any previous month of 1947. The lowest previously recorded was 6.91 percent in March. In April the percentage of increase was 15.48.
